ELEKTRA

TEXTILE WALLCOVERING COLLECTION

Wandering through the settings of mythological tales we notice – at a fair distance – the striking Elektra. One could easily bestow her with the title of Founder and Sole Heiress of the ancient Troy, but she is more than only that. Elektra is the equivalent for that cosy and warm feeling one experiences when finally coming home after a long day's work.

Elektra's beautifully carved features cover your senses with a soft touch of calmness and serenity. She calls you to lay down and rest, close your eyes and let yourself float on creamy pastels, gently carrying you from one world to another, taking you by the hand to introduce you to her next of kin, five beautiful sisters and brothers...

MARVIN

With his rhythmic play of thin waves Marvin adds a dash of life to every room. All seven colours emphasise the subtle movement of the curly lines

born through meticulously placed pearls, like a satin gown touched by a tender breeze...
